

CONTRIBUTION FORM

Education Voters is preparing to accelerate our work in galvanizing the public will that is needed to remake American education for the 21st Century. For our nation to continue to be a global leader, we need an educated citizenry who can support a participatory democracy, a strong and growing economy, and a vibrant, inclusive society. By all measures – from the well-being of individuals and families to the health of our communities and country – education is the engine of America’s social progress and prosperity.

Yes! I want to add my voice and support the Education Voters of New York leadership initiative to promote educational opportunity and excellence for all children in New York with a gift to the Education Voters Institute.

Education Voters Institute is a 501(c)3 that supports message research, policy development training, and capacity building for citizen engagement. Contributions *are* tax deductible.
